2.4. Code of Conduct for Board of Directors.

The Board is ethical, professional, and conducts itself lawfully, including proper use of authority and appropriate decorum when acting as Board members.

Accordingly:

1. Board members must avoid conflict of interest with respect to their fiduciary responsibility.
 - A. There must be no self-dealing or any conduct of private business or personal services between any Board member and the organization except as procedurally controlled to assure openness, competitive opportunity, and equal access to inside information.
 - B. The purpose of this conflict-of-interest statement is to protect the interests of our tax-exempt organization when it is contemplating entering into a transaction or arrangement that might benefit the private interest of a director, officer, committee chair, or management employee of the organization or any entity in which the affected individual has any legal, equitable or any fiduciary interest as a director, officer, shareholder or partner.

 - E. Whenever any Board Member or person subject to this policy has a conflict of interest or a perceived conflict of interest with PSIA-AASI W, they shall notify the Chair of such conflict in writing.
 - F. The Board has determined that a real or potential conflict of interest always exists in the following circumstances:

 - B. The Chair will put the issue on the agenda for the closed session. The respondent Board member will be allowed to present his or her views prior to the Board determining whether or not the action violated this Code of Conduct.
 - C. A Board member found by the Board (by majority vote) to have violated this Code of Conduct may be subject to subsequent censure or other Board action, as long as consistent with the Bylaws.

Avoid any situation which could be perceived as conflict of interest or the appearance of favoritism. Even an 'innocent' relationship with an exam candidate could create an impression of favoritism.
3. You should demonstrate the highest professional standards, reflecting and teaching the philosophies of the Corporation, and positively promoting PSIA-AASI W in general.
4. Ed Staff members are responsible for the safety and functionality of the Snowsports equipment they use in the performance of their job.

National dues transfer directly between Regions.

Members should consider a transfer any time they move from one region to another. Transfers ARE NOT a method for a member to circumvent their home region's policies on dues, education, etc. Increasingly, policies and assessments are identical region to region.

Certification level is nationally recognized and transferable throughout the 8 Regions.

Partial Pass of an exam (i.e. member passes the 'Ski' in Western) does not transfer to the new Region. However, members can return to old Region to complete the certification.

Probation may include other reasonable conditions as a condition of probationary status.

In order to protect the privacy or safety of the complainant and/or witnesses, the Executive may withhold the identity of the complainant or any witnesses who participated in the Executive's investigation.
3. Disciplinary Action involving a letter of reprimand shall take effective immediately. If the Disciplinary Action involves probation, suspension, or termination of membership, the Executive shall notify the member of the right to appeal the Disciplinary Action.

19.3. American With Disabilities Act Policy.

Notice to candidates:

PSIA-AASI is committed to providing access to those persons with disabilities during the clinic and examination process. An individual with a disability is defined by the ADA as a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such an impairment, or a person who is perceived by others as having such an impairment. Various states may have broader definitions.

If you feel you have such a disability and seek a reasonable accommodation during the testing process we need to know this **well before the examination** so we can work together to create, if possible, the accommodation which will allow you to take the exam under conditions that maintain safety for all involved.

If you seek an accommodation, please contact us in writing (info@psia-w.org) **four weeks** before the clinic or examination (or as soon as the need for the accommodation is apparent), to notify the region of your request for an accommodation.

PSIA-AASI may seek medical or other guidance to address the most appropriate accommodation and to assess the need and type of accommodation requested. If this is applicable to you, please be prepared with that information.

Please Note:

The association is not required to provide a reasonable accommodation if doing so will be an undue hardship, or compromises the safety of anyone involved in the examination process. Undue hardship means significant difficulty or expense, significant disruption of the association, or a change to the basic nature of the fundamental skills being tested.

If the person with a disability asks for a reasonable accommodation that is an **undue hardship** for your association, or compromises safety, the association will determine if there is another accommodation that is less burdensome, more safe, and/or less expensive.

19.4. Whistleblower Policy.

19.9. Expense Reimbursement Policy and Procedure for Members of Board of Directors

Board members are entitled to reimbursement for any expenses incurred that are essential to conduct board business, specifically board meetings and retreats. The organization will not reimburse board member expenses for any expense incurred that is not essential to conduct board business.

Costs must be prudently incurred and should be pre-approved or pre-established to ensure a high degree of responsible fiscal management. Covered costs include:

Travel: Reasonable airfare or mileage reimbursement at \$0.66/mile. The region may not reimburse for the cost of gas in addition to the cost of mileage.

Accommodations: The region will provide a link for best available lodging and reimburse the cost of that lodging for the nights board members are required to stay for board meetings (generally including the night before and the night of any full day meeting). Board members who are unable to book their own lodging should coordinate with the region who will book lodging on their behalf.

Meals: The region will cover any meals where the board is dining together, generally dinners during board retreats. The region will also provide lunch and snacks during all day board retreats.

Board Training: The region will prepay for any required or requested training on behalf of the board.

Pre-approved membership linkage activities: If a board member is required to support any in-person events, or is participating in essential board business, the region will cover any cost associated with their travel and lodging at that event. Requests to attend with travel and lodging covered by the region must be pre-approved prior to submitting requests for reimbursement. Please note, requesting to attend an event, being invited to attend an event, or showing up at an event does not constitute a pre-approved membership linkage activity.

To Submit Expenses: All requests for reimbursement must be submitted within 60 days of an event. Requests must be registered online through the Staff Resources link in the footer of the regional website. Requests must include all documentation in order to be considered for reimbursement.

The CEO is authorized to pay any expense report submitted in accordance with this policy.

In the event the CEO does not believe the expenses sought are in accordance with this policy, the CEO shall submit the expense report to the Board of Directors at the next meeting for review and approval/disapproval.
